

Important dates for the academic year

Program start/end dates

Are you looking for important dates for your program — start dates, exam periods, or reading breaks?

Programs are listed alphabetically in this document. Each program page has a section called “Important dates” with the information you need. They’re also listed on our website at http://www.cnc.bc.ca/__shared/assets/Imdates.pdf

When to apply

September 15

This is the earliest you can apply for programs that start the following fall. For example, apply on or after September 15, 2010 for programs starting in fall 2011.

October 31

Deadline date for priority admission to Trades programs starting in January/February. Note: Applications are still accepted after this point, as space permits.

March 31

Applications for limited enrolment programs for the upcoming fall semester received after this date will be processed as space permits. However, we’ll continue to accept applications as long as there are seats available.

April 24

Submission deadline for supporting documents for admission to fall limited enrolment programs. This includes secondary school progress reports, mid-term grades or final transcripts.

May 22

Submission deadline for all supporting documents (including final transcripts) for the Dental Hygiene program.

Call us at CNC:
250-562-2131
