Skilled Training for Employment: Transform Your Job Outlook. Tuition Free.

Through secured funding, CNC Community & Continuing Education provides tuition-free training opportunities in entry level trades exploration and employment training services that are targeted to eligible individuals who are under-represented (Indigenous, women, immigrants, youth) in the workforce and/or are facing barriers to sustainable employment.

Skilled Training for Employment

Let us help you get ready for the workforce.

Struggling to find meaningful employment? Here's an opportunity for a fresh start:

- Tuition-free training
- Books and materials provided
- Weekly allowance for attendance
- Work placements included
- Career ready in 12-16 weeks

Do I qualify?

You may qualify for these program offerings if you are:

- Unemployed, precariously employed or experiencing multiple barriers to employment.
- Legally entitled to work in Canada
- Living in British Columbia at the time of training
- Not a current student (in high school or post-secondary)
- Not participating in another provincially or federally funded labour market program at the time of training.

Community Ambassadors in Tourism & Hospitality

SEPT 9 - NOVEMBER 29, 2024

FULL TIME | 12-WEEKS | MON-FRI | 9AM - 3PM

Strengthen your skills for success in a career in tourism and hospitality!

Students will gain theoretical and practical knowledge of the tourism and hospitality sector; learn about safety in the workplace, employer expectations, realistic working conditions and interpersonal skills. This program includes a two week practicum.

Skilled Worker Access Program

SPRING 2025

FULL TIME | 16-WEEKS | MON-FRI | 9AM - 3PM

Obtain industry certifications, technical training and skills for success to build your resume and get hired! This program will combine hands on and classroom training with a focus on work safety and workplace expectations in the trades; plus math skills, interpersonal skills, job readiness and much more. Includes a two week practicum.

Check out program details and apply here:

Trades & Industry

At CNC Burns Lake, we offer regular cohorts of trades foundation and exploration programs including Carpentry, Professional Cook, and Trades Discovery as well as community specialized trades, such as Heavy Mechanical Technician (Heavy Duty Mechanic).

Apprentice Carpenter *Level 2*

The next step in becoming a Red Seal carpenter!

OCTOBER 21 - DECEMBER 6, 2024

FULL TIME, 7-WEEKS

MON-FRI, 9AM - 3PM

The Carpentry apprenticeship program will train you to become a skilled carpenter, leading towards a Red Seal certification (after successful program work and work based training hours completion).

Careers

- Residential (homes, apartments, etc)
- Industrial (mills, manufacturing, mines)
- Commercial (shopping centres, retailers)
- Institutional (pools, hospitals, schools)

Carpenters may also operate their own business, work as an educator, or further their education to become project managers, building inspectors, or high level management!

Admission requirements, the fine print:

Your employer must submit an Apprentice and Sponsor Registration Form to ITA on your behalf prior to applying. While your work based hours don't have to be complete, it is required that you have an apprenticeship arranged ahead of time.

Want to chat with an advisor? Give us a call!

We can assist you in completing the application process. Call us to make an appointment today at 250 692 1700. You can apply online **here**.

Next steps

Apply online or contact us at 250 692 1700 to make an appointment to meet with an Academic Advisor. If you are a high school student, please see your career counselor for more information and to proceed with the application process. To visit the website, click **here**.

Take courses at CNC while attending high school with our

Dual Credit Program

Dual credit is an opportunity for high school students to begin post-secondary programs and courses while they are still in high school.

Dual credit is an excellent opportunity to earn credits directly towards your high school and post-secondary transcripts, lighten your course load in your first year of university, and even help gain confidence going into your future!

Students interesting in taking a dual credit trades program should consult with their high school career counsellor to assess eligibility and prerequisites.

More info can be found at
cnc.bc.ca/programs-courses/programs/dual-credit-courses

Continuing Education

CNC Continuing Education offers flexible professional development courses to enhance personal development or increase workplace skills. With diverse course offerings, we serve the unique needs of the region giving you the opportunity to learn where you live.

Babysitter's Training

Babysitting is an ideal starter job for youth. This course demonstrates basic child care, accident prevention, first aid, and how best to handle emergency situations. This program is based on the Red Cross Youth Society curriculum. Students must be 12 years of age or older.

CEFA 116

7 HOURS

Fire Suppression S-100 & Fire Entrapment Avoidance S-185

We are seeing warmer and drier temperatures. Get a handle on the fire season. Upon successful completion of this course participants will demonstrate a basic knowledge of the wildland fire environment, fire suppression & safety procedures. Students will also learn about essential equipment used in firefighting, and how to survive fire entrapment.

This course has a field component requiring a hard hat, steel toe boots and outdoor clothing.

CEFR 180

16 HOURS

Foodsafe Level 1

Upgrade your skills or renew your certification. This course will ensure you have the basic skills for safe food handling & preparation. Topics include: food borne illness, personal hygiene and health, serving and dispensing, protecting and preparing food, receiving and storing food safely, dish washing methods, and types of germs and diseases.

All food service establishments and organizations that sell food must have a minimum of one employee with a Foodsafe certification on duty at all times. Certification issued upon successful completion.

CEFO 161

8 HOURS

These course offerings are subject to change. For an up-to-date schedule of course offerings, please visit:
cnc.bc.ca/continuing-education/burns-lake

Occupational First Aid Level 1

You will be confident in a medical emergency with top quality training. This WorkSafeBC class provides training in basic first aid skills including: AED, C-spine control, respiratory and circulatory emergencies, minor soft tissue injuries, accurate completion of the required documentation, as well as new modules on the identification and management of stroke, diabetes, seizures and fainting. Certificates valid for 3 years.

CEFA 114

8 HOURS

Occupational First Aid Transportation Endorsement

An excellent supplemental course to OFA Level 1. Amplify your first aid skills with Transportation Endorsement. This course focuses on the transportation of injured workers to medical aid and is an excellent supplemental course for those with OFA Level 1. Certificates valid for 3 years.

CEAB 165

8 HOURS

A Path Towards Collective Reconciliation: A Truth & Reconciliation Workshop

Drawing on experiences outlined in the Truth and Reconciliation Commission, this workshop will provide an opportunity for learning and understanding the various aspects of truth in connection to historical circumstances of Aboriginal people.

This **free** workshop is followed by an interactive workshop activities all highlighting a path towards collective reconciliation. Free lunch is provided.

CEFN 110

6 HOURS

These course offerings are subject to change. For an up-to-date schedule of course offerings, please visit:

cnc.bc.ca/continuing-education/burns-lake

Just for Fun

Try something new in your spare time with our unique offerings

In addition to regularly scheduled professional development courses, our campus offers workshops for community members to enhance creativity, learn new skills, and expand general knowledge. **Do you have specific or unique needs? Want to instruct a course? Let us know by calling 250 692 1700.**
