

Instructional Media Workshop

Course Overview

This workshop will provide you with the knowledge and skills necessary to prepare and deliver effective media for both face to face and online instruction. The Instructional Media Workshop enables you to create, select, use and justify media, technology and tools for their various teaching and learning environments. This course emphasizes copyright laws, and learning theories in the creation and selection of instructional media. You will investigate the current trends and issues, and will explore a wide range of instructional media tools.

This course gives you credit through Vancouver Community College (VCC) for the Provincial Instructor Diploma Program (PIDP 3240). Send a copy of your Instructional Media Workshop certificate and required fee to VCC to receive the credit.
